Feedback from Stakeholders

One of the major concerns of the College is the Student Feedback on teachers and students programme evaluation. Quality of education, the interaction between the teachers and the students, the curriculum, the co-curricular activities are some important issues that are discussed and viewed in the feedback.

The student feedback is always very valuable for the growth of the Institute. Students opined that the teachers were sincere in their duties. They lend their hand in solving their personal issues also. The infrastructural facilities with special reference to the hostel facility were found satisfactory. Infact they felt honoured to be a part of this reputable Institute.
